Prenotification Instructions for Contractors For Air to Air Heat Pump Installations

Contractors Incentive: (Receive \$300 if criteria is met)

-  Meet all criteria for installation
-  Provide a heat loss/heat gain calculation
-  Complete the Notification Form

Criteria for the Air to Air Heat Pump installation:

-  Must be Energy Star Compliant.
-  Seer of 14 with a minimum capacity of 1 ½ ton and maximum of 20 tons.
-  Bonus of \$350 per unit if meets Energy Star, SEER 14 or greater and HSPF 8.2 or greater (Limit of 2 bonus per home.)
-  100% of the domestic water heating must be electrically heated, but water heater can not be on the electric heat rate.
-  Must have a meter installed outside of house to record usage.
(The water heater usage is NOT to go through this meter)
-  Eligible for the Electric Heat Rate at currently 7.70 cents per kWh
(This rate is only from October to May billing months)

We will need a copy of the receipt showing the brand, model, serial number and tonnage of the unit.
